Free town and city buses

Free bus travel around town and city centres

Metro's freecity and freetown bus services run every few minutes from early morning until early evening, Mondays to Saturdays.

They provide a quick, convenient way of getting around town and city centres and, best of all, they're free.

Freecitybus services

We currently offer freecitybus services in Leeds, Bradford, Wakefield and Huddersfield.

Connecting key locations

Freecity and freetown bus routes are designed to connect bus and rail stations with shopping centres, hospitals, colleges and universities, and key business and leisure locations. They have contributed to the reduction of city and town centre congestion by encouraging people to leave their cars at home and use connecting trains and buses instead.

They have also been shown to have increased numbers of shopping trips, and have enabled people with mobility problems or with buggies, small children or large packages to carry, to make journeys they would not otherwise have made.
