## yournextbus service status

Check for problems with the yournextbus service

### Current status

Text Message System - OK -

Internet - OK -

WAP (mobile phone internet) - OK -

Bus Stop Displays - OK -

General Extreme road conditions causing serious disruption, many routes suspended and some services are operating on main roads only.

Some scheduled service times and a small number of predicted times shown on texts and displays may be incorrect because of diversions and cancellations, so please check on the main Metro site that your service is running before travelling.

The vast majority of services that show predicted times in minutes and the majority of scheduled times will still be running.

Radio coverage issues in the northeast Leeds area are resulting in the system failing to consistently track some vehicles. This has led to the temporary removal of the bus stop display at Wetherby Bus Station. Alternative radio base station locations are being investigated.

Please report any problems with the yournextbus system to MetroLine on 0113 2457676 or to [yournextbus@wypte.gov.uk](mailto:yournextbus@wypte.gov.uk)
