Section 2 Information for the medical professional

The person named above is applying for a Disabled Person's Travel Pass on the basis that they are blind (severely sight impaired) or they are profoundly or severely deaf as defined in the Transport Act 2000:

Guidance from the Department of Transport states that hearing loss is measured in decibels across the normal hearing spectrum, as dBHL (Hearing Level). People are generally regarded as having a severe hearing loss if it reaches 70-95 dB HL and a profound loss if it reaches 95+ dB HL.

This form asks for information about the applicant's hearing loss, please answer to the best of your professional knowledge and judgement.
